Hi Alan

Josh coordinated DEQ edits to the 2015 NPS Annual Report, and I am currently reviewing those edits. Comments on the IUD would go to Ivan or possibly Adam, please cc me.

thanks

Gene

Josh,

I understand that you might be playing a bigger role in putting together the 319 annual report and possibly the application. If so, could we connect soon. I would like to get a sense of when things are coming my way. I am currently completing my review of the intended use plan and do want to give you all some feedback on this. We can discuss this on Tuesday, assuming we are meeting on the CZARA issues then. If not, let's connect by phone.

Have a great weekend.

Alan
